

South Carolina Rural Infrastructure Authority

Coronavirus (COVID-19)

We're Here to Help.

Our customers have always been our top priority at the S.C. Rural Infrastructure Authority (RIA). In light of the current health concerns associated with Coronavirus, we are doing business a little differently.

Many of the RIA's staff will be working remotely. While we will also have some staff working in the office each day, you may notice a slight delay in our ability to process various submittals. All staff working with the grant and loan programs will be available through email and will monitor phone messages.

We will continue to provide services and assistance while striving to keep our employees healthy and safe. As more information becomes available, we will keep you updated on our programs through email and our website.

I am reminded that we are all in this together! Thank you for your patience. Stay safe!

Best Regards,
Bonnie Ammons
Executive Director
