

Town of Campobello
Sewer Project
\$600,000

Harry M. Lightsey III
Chairman

Bonnie Ammons
Executive Director

South Carolina Rural Infrastructure Authority

November 20, 2023

The Honorable Jason Shamis
Mayor
Town of Campobello
Post Office Box 9
Campobello, South Carolina 29322

Re: FY 23-24 State Budget Non-Recurring Appropriation

Dear Mayor Shamis:

The South Carolina Rural Infrastructure Authority (RIA) received a non-recurring appropriation in the South Carolina FY 23-24 Appropriations Act to assist the Town of Campobello in the amount of \$600,000 for the Town's Sewer Project.

In order to access and spend these funds, there are several required submissions that must be provided to RIA. Proviso 117.21 of the Appropriations Act requires submission of a plan for how these non-recurring state funds will be spent as well as how the expenditures will provide a public benefit. In addition, there are certifications and reporting requirements for the disbursements.

As the Executive Official for the (recipient), you will need to complete and submit the following document(s) to RIA, within **thirty days** of the date of this letter:

- **State of South Carolina Request for Contribution Distribution Form**
This form requires a general description of how the funds will be used, consistent with Proviso 117.21, a line item budget and a detailed explanation of each budget line item. In addition, the form requires an explanation of how the funds will provide a public benefit, the goals to be achieved and a planned schedule for expenditures. This form requires a certification by your chief executive or administrative official that your organization does not discriminate and that funds will be spend in accordance with Proviso 117.21.

Upon submission of an acceptable plan, RIA will sign and return a copy of the plan for your records and prepare a request for disbursement of the appropriated funds through the State Treasurer's Office.

In further accordance with Proviso 117.21, you will also be required to submit a quarterly report as well as an annual accounting of the expenditures using the following forms:

- **South Carolina Contribution Expenditure Report – Quarterly Submission**

This form requires an accounting of expenditures incurred to date, expenditures for the current quarter as well as a description of public benefits and goals achieved. You must **attach copies of invoices** documenting all expenditures for the quarter. This report must be submitted no later than **January 1, April 1, July 1 and October 1** until all funds have been expended in accordance with the approved plan. Even if there have been no expenditures during the quarter, a report must still be submitted.

- **South Carolina Contribution Expenditure Report – Annual Submission**

The recipient must provide RIA with an annual report of expenditures during the fiscal year. If any unspent funds remain at the end of the fiscal year, provide an explanation and schedule for the remaining expenditures. This annual report is due no later than **June 15, 2024** and will be required by June 15 in subsequent years if all funds are not fully expended.

These forms are attached and will also be available to download as a fillable form from the RIA website at <https://ria.sc.gov/about/our-team/administration/>. Please be advised that all agreements, forms and reports associated with these state appropriated funds will be posted to RIA's website to comply with the transparency requirements of Proviso 117.21.

We are here to help you. If you have any questions, please do not hesitate to reach out to Chris Rabon at crabon@ria.sc.gov or (803) 737-3800.

Sincerely,

Bonnie Ammons

Subject: Re: FY23-24 State Appropriations Town of Campobello - Sewer Project

Hi Chris,

Happy New Year!

Thank you for reaching out! I had meant to reach out to you yesterday. We had a good initial meeting with WK Dickson engineering yesterday and they are working to put a proposal together. We are also meeting with Summitt Engineering on Friday. Mayor Shamis and I discussed yesterday we hope to have proposals completed and hopefully in by February. We also plan on having the required form filled out by February as well. We definitely do not want to hold up receiving the funds that have been graciously offered to our town.

I feel like we are progressing well and appreciate your patience and just let me know if there are any concerns with that timeline.

Thanks again Chris!

Email	jmcdowell@townofcampobellosc.com

Plan/Accounting of how these funds will be spent:

Description	Budget	Explanation
Planning and Design Engineering	\$ 600,000.00	A feasibility study will be conducted to assess the optimal options for establishing sewer infrastructure in the town. Short-term and long-term solutions will be explored. Planning and design work are part of the study.
Construction		
Construction Engineering		
Equipment/Asset Acquisition		
Other (Detail Below):		
Grand Total	\$ 600,000.00	

Please explain how these funds will be used to provide a public benefit and goals to be achieved:

The allocation of funds for establishing sewer service in the town will play a pivotal role in fostering economic growth and community development. By investing in this vital infrastructure, we will create an environment conducive to both the growth of existing businesses and the attraction of new ones. Improved sewer service will enhance the overall livability and attractiveness of the town, making it more appealing for businesses to establish themselves here. Additionally, establishing sewer services within the town will enhance public health and environmental sustainability, contributing to the well-being of the entire community. In summary, the strategic allocation of funds for sewer infrastructure will not only support the growth and prosperity of businesses but also enrich the lives of residents, making our town a more vibrant and thriving place to live and work.

Re: FY 23-24 State Budget Non-Recurring Appropriation

Dear Mayor Holmes:

The South Carolina Rural Infrastructure Authority (RIA) received a non-recurring appropriation in the South Carolina FY 23-24 Appropriations Act to assist the Town of Clover in the amount of \$5,000,000 for the Town's Water and Sewer Projects.

In order to access and spend these funds, there are several required submissions that must be provided to RIA. Proviso 117.21 of the Appropriations Act requires submission of a plan for how these non-recurring state funds will be spent as well as how the expenditures will provide a public benefit. In addition, there are certifications and reporting requirements for the disbursements.

As the Executive Official for the (recipient), you will need to complete and submit the following document(s) to RIA, within **thirty days** of the date of this letter:

- **State of South Carolina Request for Contribution Distribution Form**

This form requires a general description of how the funds will be used, consistent with Proviso 117.21, a line item budget and a detailed explanation of each budget line item. In addition, the form requires an explanation of how the funds will provide a public benefit, the goals to be achieved and a planned schedule for expenditures. This form requires a certification by your chief executive or administrative official that your organization does not discriminate and that funds will be spend in accordance with Proviso 117.21.

Upon submission of an acceptable plan, RIA will sign and return a copy of the plan for your records and prepare a request for disbursement of the appropriated funds through the State Treasurer's Office.

In further accordance with Proviso 117.21, you will also be required to submit a quarterly report as well as an annual accounting of the expenditures using the following forms:

- **South Carolina Contribution Expenditure Report – Quarterly Submission**

This form requires an accounting of expenditures incurred to date, expenditures for the current quarter as well as a description of public benefits and goals achieved. You must **attach copies of invoices** documenting all expenditures for the quarter. This report must be submitted no later than **January 1, April 1, July 1 and October 1** until all funds have been expended in accordance with the approved plan. Even if there have been no expenditures during the quarter, a report must still be submitted.

- **South Carolina Contribution Expenditure Report – Annual Submission**

The recipient must provide RIA with an annual report of expenditures during the fiscal year. If any unspent funds remain at the end of the fiscal year, provide an explanation and schedule for the remaining expenditures. This annual report is due no later than **June 15, 2024** and will be required by June 15 in subsequent years if all funds are not fully expended.

These forms are attached and will also be available to download as a fillable form from the RIA website at <https://ria.sc.gov/about/our-team/administration/>. Please be advised that all agreements, forms and reports associated with these state appropriated funds will be posted to RIA's website to comply with the transparency requirements of Proviso 117.21.

We are here to help you. If you have any questions, please do not hesitate to reach out to Chris Rabon at crabon@ria.sc.gov or (803) 737-3800.

Organization Contact Information	
Contact Name	Allison B Harvey
Position/Title	Town Administrator
Telephone	803-222-9495
Email	aharvey@cloversc.org

Plan/Accounting of how these funds will be spent:		
Description	Budget	Explanation
Planning and Design Engineering	\$ 530,000.00	Surveys, Bid Documents, Permitting, & Other professional and administrative services
Construction	\$ 4,470,000.00	Clean, Video, Pipe lining, and point repairs for ~29,450' of gravity sewer line, reline existing manholes, and rehab two lift stations
Construction Engineering		
Equipment/Asset Acquisition		
Other (Detail Below):		
Grand Total	\$ 5,000,000.00	

Please explain how these funds will be used to provide a public benefit and goals to be achieved:

The project includes improvements to 29,450' of old gravity sewer line and rehab of two major sewer lift stations. Sewer capacity is a system wide concern. Pipe lining is the most cost effective way of extending the life of existing lines and reducing I&I which will improve capacity. The project will include cleaning and videoing the lines so that we can also make repairs as needed and lining existing manholes. The two lift stations to be replaced will be upgraded to meet current and future demands more effectively and efficiently. The original proposed project was to upgrade a force main to provide for additional capacity. Due to changes in growth predictions and a major decrease in sewer demand due to the construction of a new high school, the upgrade of this line is not as much of an emergency and will not be as much of a public benefit as the pipe lining and lift station project.

Town of Edisto Beach
Automated Water Meter
Project
\$500,000

South Carolina
Rural Infrastructure Authority

November 20, 2023

The Honorable Crawford Moore
Mayor
Town of Edisto Beach
2414 Murray Street
Edisto Beach, South Carolina 29438

Re: FY 23-24 State Budget Non-Recurring Appropriation

Dear Mayor Moore:

The South Carolina Rural Infrastructure Authority (RIA) received a non-recurring appropriation in the South Carolina FY 23-24 Appropriations Act to assist the Town of Edisto Beach in the amount of \$500,000 for the Town's Automated Water Meter Project.

In order to access and spend these funds, there are several required submissions that must be provided to RIA. Proviso 117.21 of the Appropriations Act requires submission of a plan for how these non-recurring state funds will be spent as well as how the expenditures will provide a public benefit. In addition, there are certifications and reporting requirements for the disbursements.

As the Executive Official for the (recipient), you will need to complete and submit the following document(s) to RIA, within **thirty days** of the date of this letter:

- **State of South Carolina Request for Contribution Distribution Form**
This form requires a general description of how the funds will be used, consistent with Proviso 117.21, a line item budget and a detailed explanation of each budget line item. In addition, the form requires an explanation of how the funds will provide a public benefit, the goals to be achieved and a planned schedule for expenditures. This form requires a certification by your chief executive or administrative official that your organization does not discriminate and that funds will be spend in accordance with Proviso 117.21.

Upon submission of an acceptable plan, RIA will sign and return a copy of the plan for your records and prepare a request for disbursement of the appropriated funds through the State Treasurer's Office.

In further accordance with Proviso 117.21, you will also be required to submit a quarterly report as well as an annual accounting of the expenditures using the following forms:

- **South Carolina Contribution Expenditure Report – Quarterly Submission**

This form requires an accounting of expenditures incurred to date, expenditures for the current quarter as well as a description of public benefits and goals achieved. You must **attach copies of invoices** documenting all expenditures for the quarter. This report must be submitted no later than **January 1, April 1, July 1 and October 1** until all funds have been expended in accordance with the approved plan. Even if there have been no expenditures during the quarter, a report must still be submitted.

- **South Carolina Contribution Expenditure Report – Annual Submission**

The recipient must provide RIA with an annual report of expenditures during the fiscal year. If any unspent funds remain at the end of the fiscal year, provide an explanation and schedule for the remaining expenditures. This annual report is due no later than **June 15, 2024** and will be required by June 15 in subsequent years if all funds are not fully expended.

These forms are attached and will also be available to download as a fillable form from the RIA website at <https://ria.sc.gov/about/our-team/administration/>. Please be advised that all agreements, forms and reports associated with these state appropriated funds will be posted to RIA's website to comply with the transparency requirements of Proviso 117.21.

We are here to help you. If you have any questions, please do not hesitate to reach out to Chris Rabon at crabon@ria.sc.gov or (803) 737-3800.

Sincerely,

Bonnie Ammons

Cc: Mr. Mark Aakhus, Town Administrator

**State of South Carolina Request for Contribution Distribution
Administered by the Rural Infrastructure Authority**

This form is designed to collect the information required by South Carolina in accordance with Proviso 117.21 of the appropriations act of 2024 and Executive Order 2022-19. This form must be submitted to the state agency that is providing the contribution for the designated organization. The state agency providing the contribution should use this form to collect information from the designated organization. The information must be collected from the designated organization before the funds can be disbursed.

Contribution Information

Amount	State Agency Providing the Contribution	Purpose
\$ 500,000.00	Rural Infrastructure Authority (P450)	Automated Water Meter Project

Organization Information

Entity Name	Town of Edisto Beach
Address	2414 Murray Street
City/State/Zip	Edisto Island, SC 29438
Website	townofedistobeach.com
Tax ID#	57-0543928
Entity Type	Municipality

Plan/Accounting of how these funds will be spent:

Description	Budget	Explanation
Planning and Design Engineering		
Construction		
Construction Engineering		
Equipment/Asset Acquisition	\$ 500,000.00	Purchase and install approximately 2,500 water meters and software.
Other (Detail Below):		
Grand Total	\$ 500,000.00	

Please explain how these funds will be used to provide a public benefit and goals to be achieved:

The Town's existing water meters are aging, under-measure actual consumption, and need to be replaced. The Town currently only has the staff and capability of reading water meters twice per year which is a burden on the customer who must budget for six months of water usage and make one lump-sum payment every six months. Another large burden of long-term billings are for water customers who experience water leaks that may go undetected for months. Updating the water meters to automatic read meters will allow the Town to bill more frequently and will allow customers the ability to monitor water usage and detect water leaks much sooner. The project goal is to install approximately 2,500 automated water meters and associated equipment and software and to begin billing water customers more frequently.

**State of South Carolina Request for Contribution Distribution
Administered by the Rural Infrastructure Authority**

Please provide a tentative project schedule of planned expenditures:

Tentative schedule: place project out to bid (December 2024), commence installation (March 2025), complete installation (June 2025).

Town of James Island
Sewer Project
\$1,000,000

Harry M. Lightsey III
Chairman

Bonnie Ammons
Executive Director

South Carolina
Rural Infrastructure Authority

November 27, 2023

The Honorable Brook Lyon
Mayor
Town of James Island
Post Office Box 12240
James Island, South Carolina 29422

Re: FY 23-24 State Budget Non-Recurring Appropriation

Dear Mayor Lyon:

The South Carolina Rural Infrastructure Authority (RIA) received a non-recurring appropriation in the South Carolina FY 23-24 Appropriations Act to assist the Town of James Island in the amount of \$1,000,000 for the Town's Sewer Project. This letter was previously inadvertently addressed and sent to the James Island Public Service District and refers to the same appropriated funds rather than any additional funding.

In order to access and spend these funds, there are several required submissions that must be provided to RIA. Proviso 117.21 of the Appropriations Act requires submission of a plan for how these non-recurring state funds will be spent as well as how the expenditures will provide a public benefit. In addition, there are certifications and reporting requirements for the disbursements.

As the Executive Official for the (recipient), you will need to complete and submit the following document(s) to RIA, within **thirty days** of the date of this letter:

- **State of South Carolina Request for Contribution Distribution Form**
This form requires a general description of how the funds will be used, consistent with Proviso 117.21, a line item budget and a detailed explanation of each budget line item. In addition, the form requires an explanation of how the funds will provide a public benefit, the goals to be achieved and a planned schedule for expenditures. This form requires a certification by your chief executive or administrative official that your organization does not discriminate and that funds will be spend in accordance with Proviso 117.21.
- **W-9 form (don't include in letter if we already have one)**
This form allows the state to disburse the funds to your approved organization.

Upon submission of an acceptable plan, RIA will sign and return a copy of the plan for your records and prepare a request for disbursement of the appropriated funds through the State Treasurer's Office.

In further accordance with Proviso 117.21, you will also be required to submit a quarterly report as well as an annual accounting of the expenditures using the following forms:

- **South Carolina Contribution Expenditure Report – Quarterly Submission**

This form requires an accounting of expenditures incurred to date, expenditures for the current quarter as well as a description of public benefits and goals achieved. You must **attach copies of invoices** documenting all expenditures for the quarter. This report must be submitted **no later than January 1, April 1, July 1 and October 1** until all funds have been expended in accordance with the approved plan. Even if there have been no expenditures during the quarter, a report must still be submitted.

- **South Carolina Contribution Expenditure Report – Annual Submission**

The recipient must provide RIA with an annual report of expenditures during the fiscal year. If any unspent funds remain at the end of the fiscal year, provide an explanation and schedule for the remaining expenditures. This annual report is due no later than **June 15, 2024** and will be required by June 15 in subsequent years if all funds are not fully expended.

These forms are attached and will also be available to download as a fillable form from the RIA website at <https://ria.sc.gov/about/our-team/administration/>. Please be advised that all agreements, forms and reports associated with these state appropriated funds will be posted to RIA's website to comply with the transparency requirements of Proviso 117.21.

We are here to help you. If you have any questions, please do not hesitate to reach out to Chris Rabon at crabon@ria.sc.gov or (803) 737-3800.

Sincerely,

Bonnie Ammons

Plan/Accounting of how these funds will be spent:

Description	Budget	Explanation
Planning and Design Engineering		
Construction		
Construction Engineering		
Equipment/Asset Acquisition		
Other (Detail Below):		
Property-owner new account fees	\$ 1,000,000.00	For each Town property to be connected to the sewer system, this funding will cover the tap fees and impact/mitigation fees that are typically the responsibility of the property owner.
Grand Total	\$ 1,000,000.00	

Please explain how these funds will be used to provide a public benefit and goals to be achieved:

The James Island Creek Basin has been identified as an impaired waterway by SC DHEC. Many properties on James Island are still utilizing existing septic systems, many of which date back to the 1950's and 60's, and they have been identified as a source for the pollution. The Town has an aggressive testing protocol so that failing septic tanks may be identified, however the biggest impact that the Town and the James Island Public Service District can make on this issue is by tying in existing septic users in the immediate area to a new sewer line. There are several hundred properties that would be tied into this new line, which will greatly decrease, if not eliminate, this source of pollution. The JIPSD has developed a comprehensive program to move all of these septic users to sewer. The Town has dedicated \$444,000 to the overall project, in addition to allocating the entire \$1,000,000 of the state budget allocation to this effort.

More specifically, these funds will be used to pay, on the Town property owners' behalf, the expenses/fees associated with setting up a new sewer account (tap fees, impact and septic mitigation, etc) so there are no out of pocket expenses for the homeowners in order to connect to the system. This is estimated to cost roughly \$7,000 to \$10,000 per household, or more. Because the JIPSD is not legally

Description of public benefits and goals achieved to date:

The Town continues to work closely with the James Island Public Service District (JIPSD). We have an agreement that provides a mechanism for the Town to pay connection costs on behalf of the residents. The JIPSD SCIIP quarterly progress report is attached. As the Town RIA funding is dedicated to the connection costs of the residents, these costs are not incurred until the project is complete. When connections are ready to be made, JIPSD will invoice the Town on a monthly basis for all applications in the month prior. As applications are submitted, the Town will expend funds.

Expenditure Certification

The Organization certifies that the funds have been expended in accordance with the Plan provided to the Rural Infrastructure Authority and used for a public purpose.

York County Water and Sewer
Blue Granite Acquisition Costs
\$20,000,000

South Carolina
Rural Infrastructure Authority

November 20, 2023

Ms. Christi Cox
Council Chairwoman
York County
Post Office Box 66
York, South Carolina 29745

Re: FY 23-24 State Budget Non-Recurring Appropriation

Dear Ms. Cox:

The South Carolina Rural Infrastructure Authority (RIA) received a non-recurring appropriation in the South Carolina FY 23-24 Appropriations Act to assist York County Water and Sewer in the amount of \$20,000,000 for the County's Blue Granite Acquisition Costs.

In order to access and spend these funds, there are several required submissions that must be provided to RIA. Proviso 117.21 of the Appropriations Act requires submission of a plan for how these non-recurring state funds will be spent as well as how the expenditures will provide a public benefit. In addition, there are certifications and reporting requirements for the disbursements.

As the Executive Official for the (recipient), you will need to complete and submit the following document(s) to RIA, within **thirty days** of the date of this letter:

- **State of South Carolina Request for Contribution Distribution Form**
This form requires a general description of how the funds will be used, consistent with Proviso 117.21, a line item budget and a detailed explanation of each budget line item. In addition, the form requires an explanation of how the funds will provide a public benefit, the goals to be achieved and a planned schedule for expenditures. This form requires a certification by your chief executive or administrative official that your organization does not discriminate and that funds will be spend in accordance with Proviso 117.21.

Upon submission of an acceptable plan, RIA will sign and return a copy of the plan for your records and prepare a request for disbursement of the appropriated funds through the State Treasurer's Office.

In further accordance with Proviso 117.21, you will also be required to submit a quarterly report as well as an annual accounting of the expenditures using the following forms:

- **South Carolina Contribution Expenditure Report – Quarterly Submission**
This form requires an accounting of expenditures incurred to date, expenditures for the current quarter as well as a description of public benefits and goals achieved. You must **attach copies of invoices** documenting all expenditures for the quarter. This report must be submitted no later than **January 1, April 1, July 1 and October 1** until all funds have been expended in accordance with the approved plan. Even if there have been no expenditures during the quarter, a report must still be submitted.
- **South Carolina Contribution Expenditure Report – Annual Submission**
The recipient must provide RIA with an annual report of expenditures during the fiscal year. If any unspent funds remain at the end of the fiscal year, provide an explanation and schedule for the remaining expenditures. This annual report is due no later than **June 15, 2024** and will be required by June 15 in subsequent years if all funds are not fully expended.

These forms are attached and will also be available to download as a fillable form from the RIA website at <https://ria.sc.gov/about/our-team/administration/>. Please be advised that all agreements, forms and reports associated with these state appropriated funds will be posted to RIA's website to comply with the transparency requirements of Proviso 117.21.

We are here to help you. If you have any questions, please do not hesitate to reach out to Chris Rabon at crabon@ria.sc.gov or (803) 737-3800.

Sincerely,

Bonnie Ammons

Cc: Mr. David Hudspeth, County Manager
Mr. Kevin Madden, Assistant County Manager

**State of South Carolina Request for Contribution Distribution
Administered by the Rural Infrastructure Authority**

This form is designed to collect the information required by South Carolina in accordance with Proviso 117.21 of the appropriations act of 2024 and Executive Order 2022-19. This form must be submitted to the state agency that is providing the contribution for the designated organization. The state agency providing the contribution should use this form to collect information from the designated organization. The information must be collected from the designated organization before the funds can be disbursed.

Contribution Information

Amount	State Agency Providing the Contribution	Designated Organization
\$ 20,000,000.00	Rural Infrastructure Authority (P450)	Blue Granite Acquisition Costs

Organization Information

Entity Name	York County Water and Sewer
Address	6 South Congress
City/State/Zip	York, SC 29745
Website	www.yorkcountygov.com
Tax ID#	57-6000418

Plan/Accounting of how these funds will be spent:

Description	Amount	Explanation
Planning and Design Engineering		
Construction		
Construction Engineering		
Equipment/Asset Acquisition	\$ 20,000,000.00	See below.
Other (Detail Below)		
Grand Total	\$20,000,000.00	

Please explain how these funds will be used to provide a public benefit and goals to be achieved:

The rate payers in the acquired franchise are currently being charged a surcharge to cover the cost of the purchase. This \$20 million will be used to reduce the surcharge amount the rate payers are currently paying.

**State of South Carolina Request for Contribution Distribution
Administered by the Rural Infrastructure Authority**

Please provide a tentative project schedule of planned expenditures:

Approximately \$35 million was expended for the purchase of the Blue Granite franchise area acquired. This \$20 million will reduce the monthly surcharge being charged currently to rate payers in the purchased area. This reduction will occur as soon as possible after the \$20 million is received by the County.
